

AMENDMENTS TO THE SPECIFICATION

Page 1, before line numbered 2, insert the heading:

Background of the Invention

Page 1, between lines numbered 21 and 22, insert the heading:

Description of the Invention

Page 9, between lines 6 and 7, insert:

Brief Description of the Drawings

Figures 1a through 1i are graphs of absorbance from day 14 through day 119.

Figures 2a through 2d show the mean of duplicate measurements for groups of mice.

Figures 3a and 3b are graphs of absorbance at 60 and 70 days, respectively .

Figures 4a, 4b and 4c show mice lymph nodes dosed with the invention, naked DNA and background.
